

Appendix B

Behaviour Institute Program Plan

Skill: Receptive Prepositions		Domain: Receptive		Code:	
Objectives: The child will be able to discriminate by touch correctly and independently the following prepositions: in, on, beside, under & between at 90% accuracy across 2 facilitators and 1 family member					
Set-up: at the table with facilitator					
Materials: 10 baskets, 2 blocks, known distracters					
Number or trials in set: 10					
Teaching Procedure					
Step	Teacher Presentation	Child Response	Consequence		
1	Place in and known distracter on the table. Randomly target in and known distracter with, “touch in” or “touch puzzle”	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts		
2	Place in, known distracter and on, on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts		
3	Place in, known distracter and beside on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts		
4	Place in, known distracter and under on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts		
5	Place in, known distracter and between on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts		

6	Place in, known distracter, on and beside on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
7	Place in, known distracter under and beside, on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
8	Place in, known distracter, between and under on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
9	Place in, known distracter, on, beside, and under on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
10	Place in, known distracter, beside, under and between on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
11	Place in, known distracter, on, beside, under and between on the table. Randomly target in and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
12	Place on and known distracter on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts

13	Place on, known distracter and in on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
14	Place on, known distracter and beside on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
15	Place on, known distracter and under on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts

16	Place on, known distracter and between on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
17	Place on, known distracter, in and beside on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
18	Place on, known distracter, under and between on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
19	Place on, known distracter, in, beside and under on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
20	Place on, known distracter, beside, under and between on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
21	Place on, known distracter, in, beside, under and between on the table. Randomly target on and distracter in same fashion	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
22	Place in, on and distracter on the table. Randomly target in, on & distracter in	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts

23	Place beside and known distracter on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
24	Place beside, known distracter and in on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
25	Place beside, known distracter and on, on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
26	Place beside, known distracter and under on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
27	Place beside, known distracter and between on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
28	Place beside, known distracter, in and on, on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
29	Place beside, known distracter, under and between on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts

30	Place beside, known distractor, in, on and under on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
31	Place beside, known distractor, in, under and between on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
32	Place beside, known distractor, in, on, under, beside and between on the table. Randomly target beside and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
33	Place in, on, beside and distracter on the table. Randomly target in, on, beside, and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
34	Place under and distracter on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
35	Place under, distracter and in on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
36	Place under, distracter and on, on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts

37	Place under, distracter and beside on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
38	Place under, distracter and between on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
39	Place under, distracter, in and on, on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
40	Place under, distracter, beside and between on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
41	Place under, distracter, in, between and beside on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
42	Place under, distracter, on, between and beside on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
43	Place under, distracter, in, on, beside, and between on the table. Randomly target under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts

44	Place distracter, in, on, under and beside on the table. Randomly target in, on, beside, under and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
45	Place between and distracter on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
46	Place between, in and distracter on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
47	Place between, on and distracter on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
48	Place between, beside and distracter on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
49	Place between, under and distracter on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
50	Place between, in and beside on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts

51	Place between, on and under on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
52	Place between, in, under and beside on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
53	Place between, on, in and beside on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
54	Place between, in, on, under and beside on the table. Randomly target between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
55	Place in, on, beside, under, between and distracter on the table. Randomly target in, on, beside, under, between and distracter	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
56	Same as step 55 on the floor of session room	Child will touch the appropriate item 9/10 no additional prompts	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts
57	Same as step 55 out of room	Child will touch the appropriate item 9/10 no additional prompts across 2 facilitators and 1 family member	Correct = praise + token on VR3 Incorrect = error interruption & readminister with increased prompt No Response = most prompts

System of Most Prompts

First	Second	Third	Fourth
Full Physical	Partial Physical	Gestural	Verbal

Consequences

Reinforcement

Correct	Prompted Correct	On task
Praise	Praise	Praise

Correction

Incorrect	No response
Model	System of least prompts

Data Sheet	trial

Criteria	Mastery	Revision
	9/10	3 or less of 10

Promoting Generalization

Level	Cue	Materials	Setting	People	Time
1			Different location	Mom	
2		new pictures	In kitchen	Dad	

Postchecks Probes (Record generalization level & accuracy e.g., 7/8correct)

Date	Level	Accuray	Date	Level	Accuray	Date	Level	Accuray	Date	Level	Accuray
